Guest Lecture on

“RESEARCH ACTIVITIES IN DIGITAL IMAGE PROCESSING”

Date: 05/05/2022 (10.30 AM)

Venue: MCA Lab

Speaker: Dr.R.Viswanathan

Report: Guest Lecture on Research Activities in Digital Image Processing

Introduction:

On 05-05-2022, our department organized an insightful guest lecture on the topic of "Research Activities in Digital Image Processing." This lecture was a pivotal component of our Research Methodology and Intellectual Property Rights (IPR) program. Its primary aim was to inspire and motivate students to actively engage in research endeavors, particularly in the realm of Digital Image Processing. This report provides a comprehensive overview of the event, its objectives, content, and potential impact on our students.

Event Details:

- Date: 05-05-2022
- Duration: 10.30 AM
- Venue: MCA Smart Lab
- Audience: MCA Students

Objectives of the Guest Lecture:

1. Cultivating Research Interest: The guest lecture sought to cultivate a deep-seated interest in research activities among students.
2. Enhancing Research Skills: It aimed to equip students with valuable insights and skills related to Digital Image Processing research.

3. Preparation for Minor Projects: By attending the lecture, students were better prepared to select and excel in their minor research projects in the upcoming semester.

Guest Speaker:

We had the honor of hosting a distinguished guest speaker, R.Viswanathan, who is a prominent authority in the field of Digital Image Processing research. He has a wealth of experience and expertise in this domain, making him the perfect choice to share knowledge and inspire our students.

Lecture Content:

The guest lecture encompassed a wide array of topics, including but not limited to:

- Introduction to Digital Image Processing: Basics, concepts, and applications in various domains.
- Current Research Trends: An overview of the latest research trends, innovations, and breakthroughs in the field.
- Practical Insights: Guidance on how to initiate and conduct research projects in Digital Image Processing.
- Importance of Intellectual Property Rights: An exploration of the significance of IPR in the context of research and innovation.

Interactive Session:

The lecture featured an interactive segment where students actively participated by asking questions, seeking clarification, and engaging in discussions with the guest speaker. This interactive exchange facilitated a deeper understanding of the subject matter and encouraged critical thinking.

Outcomes:

The guest lecture on Research Activities in Digital Image Processing yielded several notable outcomes:

- Heightened Interest: Students developed a heightened interest in the field of Digital Image Processing research.
- Motivation: The lecture served as a motivational catalyst, inspiring students to actively participate in research endeavors.

- Informed Decision-Making: Students gained insights that would enable them to make informed choices regarding their minor research projects.

- Networking Opportunity: The event provided a platform for students to connect with a renowned expert in the field, fostering valuable networking opportunities.

Conclusion:

The guest lecture was a resounding success and a pivotal addition to our department's academic calendar. It played a pivotal role in igniting the flames of research enthusiasm among our student community, particularly in the domain of Digital Image Processing. Moving forward, we are committed to organizing similar initiatives that nurture a culture of research excellence within our department, equipping students with the knowledge and skills required for successful academic and professional journeys.

Greetings !
Dear Sir/Madam,

We are immensely happy to invite you to attend "One day National Seminar on Intellectual Property Rights" on 14th October 2022.

About the College

Sourashtra College stands majestically on the Ponnusai hills which are 6 kms away from ponnusai busstand and 12 kms away from MGR bus stand. The college was established by Philanthropists of the Sourashtra (Linguistic Minority) community with the noble aim of promoting higher education among the socially and economically backward communities. Starting with the pre-university course in 1967, now the college has developed into a pioneer institution of higher learning with excellent infrastructure which offers 18 UG courses, 5 PG courses and is crowned with research centre in Department of Commerce, English and Business Administration. The 'Autonomous' status was given by UGC to the college in the year 2011 and the college has been accredited with 'B+' grade by the NAAC in 2019.

About the IPR Cell

An Intellectual Property Rights Cell was formed at Sourashtra College (Autonomous) to provide knowledge by sensitizing and conducting activities related to the Intellectual Property Right in the institution and also to create awareness among the young researchers/entrepreneurs.

About the Seminar

Objective of the seminar is to create awareness about Intellectual Property Right, especially patents and copy rights among faculty members, researchers and inventors in respect of patenting their inventions and to develop academic and industrial research perspective.
