## **TO WHOM SO EVER IT MAY CONCERN**

This is to certify that the Construction, Renovation, Carpentry, Termite Eradication and Rain Water Harvesting works of Sourashtra College have been taken over and maintained by **MKS Construction, Madurai** as per the required standards from the year 2018 to till date.

### **Building Renovation**

1. Starting with a detailed plan that includes building design, budget, and timeline. If necessary, consulting with professionals to ensure structural integrity and compliance with local regulations.
2. Using durable and sustainable materials to enhance the longevity and efficiency of your building.

### **Carpentry**

1. Using high-quality, treated wood to prevent issues like warping and termite damage.
2. Hiring experienced carpenters to ensure precision and quality in your woodwork.

### **Termite Eradication**

1. Implementing pre-construction termite treatments such as soil treatment and physical barriers.
2. Scheduling regular termite inspections to catch any infestations early.

### **Rainwater Harvesting**

1. Installing a rainwater harvesting system that includes gutters, downspouts, and storage tanks.
2. Cleaning and maintaining regularly the system to prevent blockages and contamination.
