Mr. M. Muthukumar M.A.,
Head Constable,
Thiruparankundram Police Station,
Madurai-625004.

Respected Sir,

Sub: Invitation as a resource person in Career Guidance Cell programme on "Career Options in Uniformed Services".

Greetings from Sourashtra College,

Career Guidance Cell is organizing a special programme for NCC cadets titled "Career Options in Uniformed Services " on 31st October 2022 in our college, between 3 pm and 4 pm. In India, the Uniformed Services are role to help aid and protect the public. Job security is generally high, with good starting salaries for graduates and the potential to advance further within the field. The main areas of work that the Uniformed Services encompass are – The Police, Fire and Rescue Service, Nurses and Paramedics and Armed Forces.

Given your expertise in this area, we want to invite you as a resource person to this Career Guidance Programme.

With regards

I. K. Sivakumar

Graduate Career Development Program

Purpose: The aim of this session is to empower recent college graduates and boost their confidence for job interviews.

Overall duration: (6 to 8 weeks) only on Saturdays.

Duration for each episode: 60-90 minutes

Topics and the Learning Outcomes for a College Graduate:

1. Important Factors for a Successful Interview:

- Learn how to confidently introduce yourself. (Weekly ongoing activity)
- Understand the significance of body language in making a positive impression.
- Master the art of knowing and effectively presenting your resume.
- Be equipped with a list of insightful questions to ask the interviewer.
- Gain awareness of do's and don'ts in the interview process.

2. Communication Skills:

- Develop the ability to express ideas freely and articulately.
- Participate effectively in group discussions, showcasing your communication skills.
- Learn the essentials of professional email writing for effective communication.

3. LinkedIn - Manage Your Professional Identity:

- Create a compelling LinkedIn profile to enhance your online presence.
- Craft a compelling summary that highlights your skills and experiences.
- Build a comprehensive list of skills that accurately represent your abilities.
- Understand how to apply for jobs and network through LinkedIn.
- Master online research techniques for professional purposes.

4. Technical Interview Preparation:

- Prepare for technical interviews with confidence in JavaScript and Python.
- Access online resources to continually enhance technical knowledge.
- Explore freelance opportunities as a way to gain real-world experience.
- Discover a list of job sites to aid in job hunting.
- Gain a fundamental understanding of the basics of AI.

5. Mock Interview Practice:

- Practice and refine your interview skills through mock interviews.
- Receive constructive feedback to improve your performance.

By completing this comprehensive learning program, a college graduate can expect to be well-prepared for the job market, with enhanced interview skills, strong communication abilities, a professional online presence, technical knowledge, and the confidence to navigate the job search process effectively. These skills and knowledge will significantly increase their chances of securing a fulfilling job in their chosen field

Episode 1 : Introduction call

Saturday, 30 Sept • 10:00 – 11:00 am

Google Meet joining info

Video call link: <https://meet.google.com/riz-qqvm-vhv>

Episode - 2 - Introduce yourself and Interview Tips

Saturday, 7 Oct • 10:00 – 11:00 am

Google Meet joining info

Video call link: <https://meet.google.com/nox-twvh-aov>

Topics Covered : Research Company Profile, Vision, Mission, Know about the company

1. Self Introduction - GFRESHG

Topics Covered

- G – good morning / Warm Greetings
- F - Start with your Full name
- R - Mention your Recent college graduation
- E - Highlight your Educational background
- S - Share your Skills and relevant coursework.
- H - Talk about your Hobbies and interests related to the field.
- G – greet Thank you

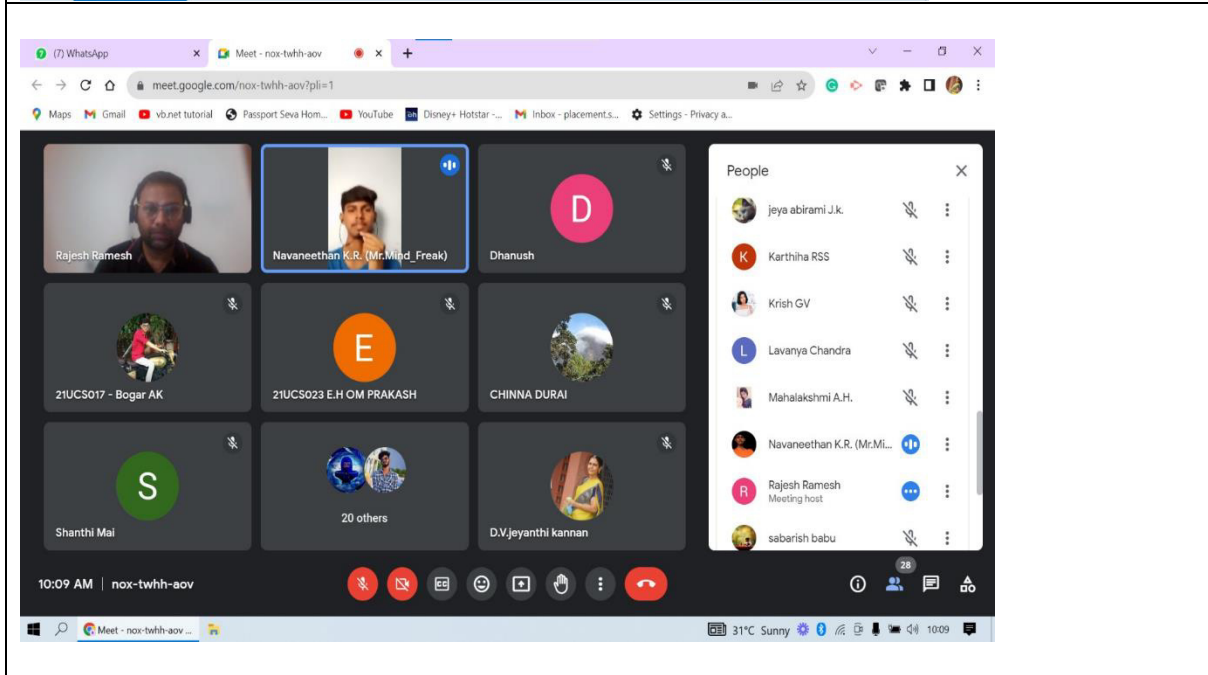

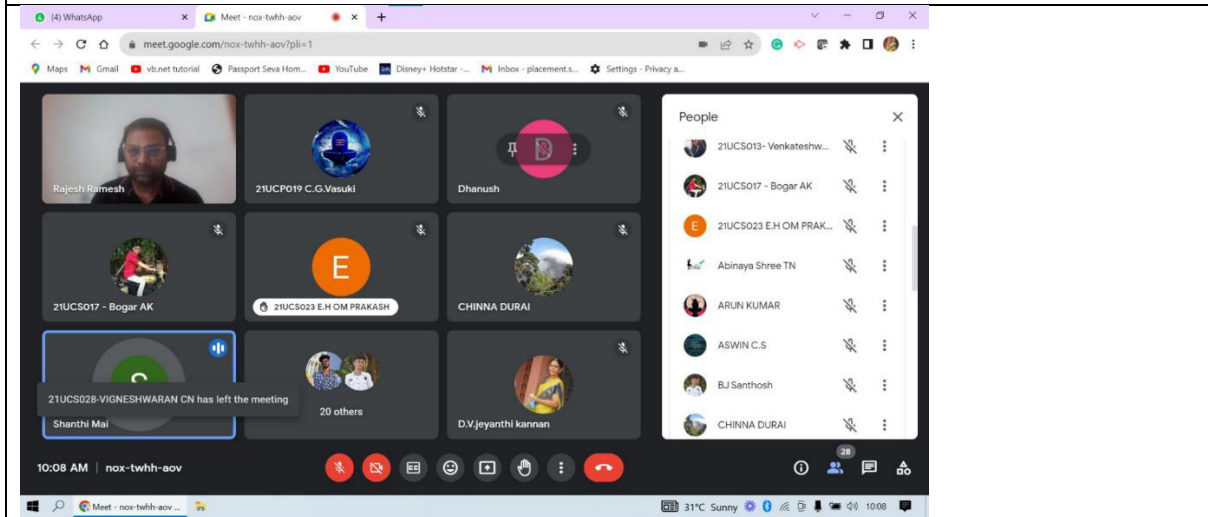

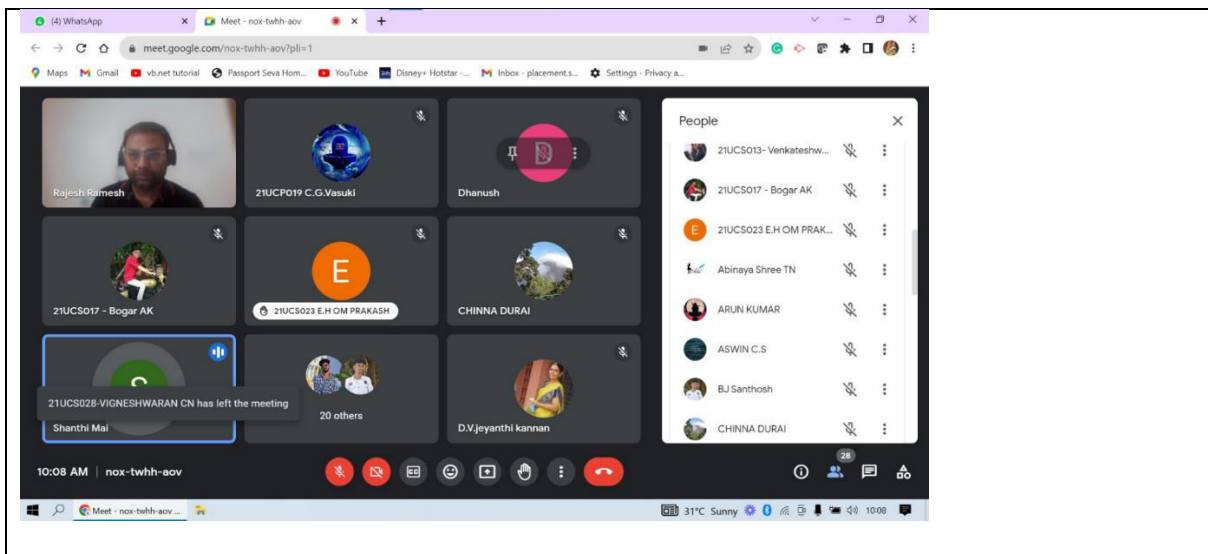

Do's and Don't in interview

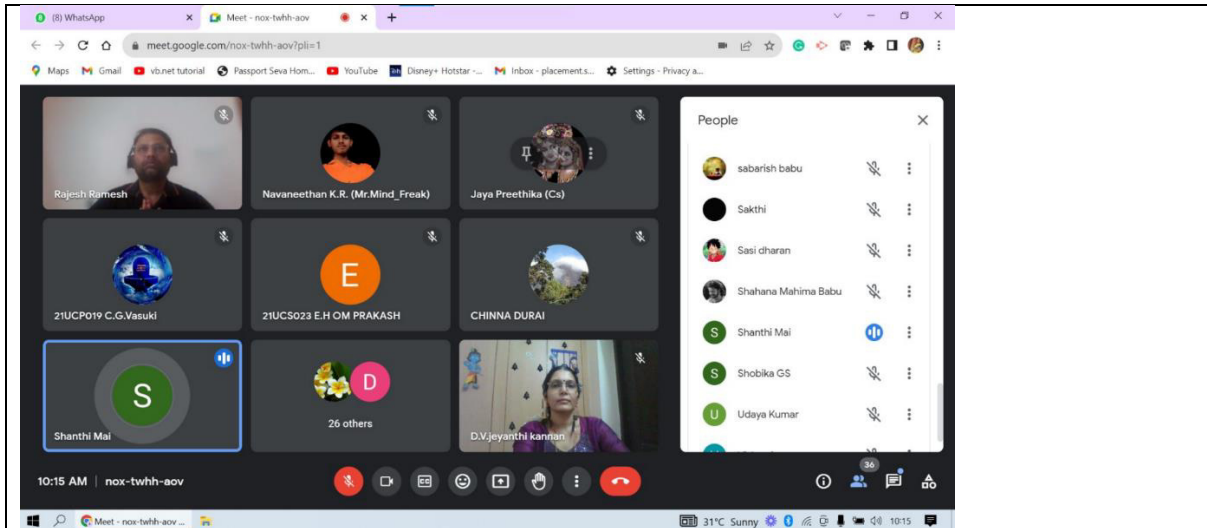

Do's

- Take hard copy of your resume - multiple
- Wear formal dress
- Maintain punctuality – reach spot before 30 minutes
- Can ask question like – where I will be after 2 years, career growth
- Maintain eye contact, body language

Don't's

- Don't shake hands / head / legs un necessary
- Don't give false education, skill
- Don't interrupt the speaker
- Don't give negative comments about previous company
- Don't ask salary, benefits, onsite, allowances, leaves, notice period in interview, it will be discussed separately by HR
- Don't be aggressive

Episode 3 - Importance of communication (follow up)

Saturday, 21 Oct • 10:05 – 11:05 pm

Google Meet joining info

Video call link: <https://meet.google.com/sms-ndeg-iuk>

select your own topic or you can select one from the below samples:

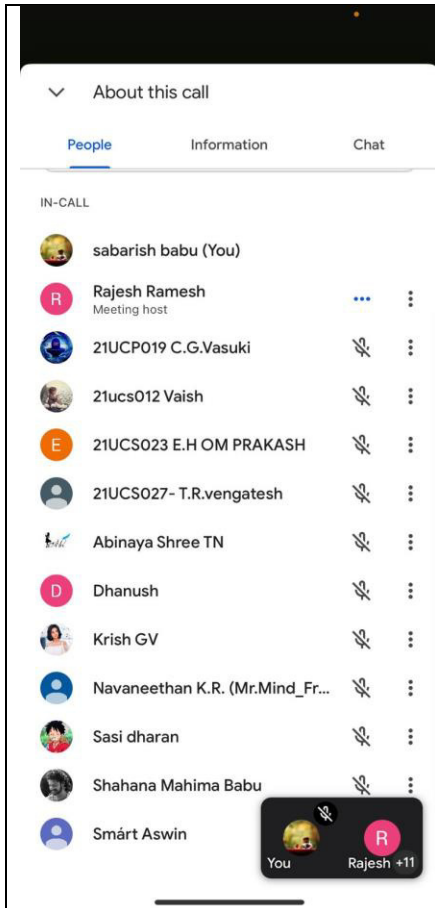

1. About your college life
2. Where do you want to see yourself in the next 3 years (Frequently asked question in an interview)
3. What was the last movie you watched can you talk about that for 2 min.
4. Share your thoughts on AI
5. Share your thoughts on automation.
6. Where do you from and talk few important places in your city.
7. Your favorite destination.
8. Do you recommend online education and why?
9. Why should I hire you? (Frequently asked question in an interview)

Episode 4 - eMail Communication

Saturday, 28 Oct • 10:05 – 11:05 pm

Google Meet joining info

Video call link: <https://meet.google.com/mgm-fwgq-xek>

Your CV is your first impression

Make it count.

7 Tips to master your CV (to get hired fast):

1. CV Length

Remember this rule of thumb

- **One Pager:** If work ex is less than five years
- **Two Pager:** If you are aiming for a senior position

Ensure to highlight your most relevant skills and experience, and omit anything unnecessary.

2. Important and Non Important Info

- **Must include:** Name, Email, LinkedIn id, and Phone Number
- **Should exclude:** Address, Undertaking, and Photograph

Make sure to have key information at the top. Avoid writing it at bottom

3. Avoid this Mistake

- Write a Professional Summary instead of a Career Objective.
- Having a career objective is not a value add for a hiring manager.
- Giving a professional summary gives them a sneak peek of your profile and generates curiosity.

Example: Results-oriented marketing professional with 5+ years of experience developing and executing successful marketing campaigns. Proven ability to drive traffic, generate leads, and increase sales—expertise in digital marketing, social media marketing, and email marketing.

4. Work experience

While writing work experience follow the PAR (Problem, Action, and Result) framework

- Use active verbs
- Quantify your accomplishments
- Use Job-related keywords
- Proofread your resume carefully

5. Learn from the best: Google way of writing pointers

Use XYZ structure

X: Accomplishment.

Y: Result.

Z: What you did?

Example: Increased sales by 15% by developing and implementing a new marketing campaign.

Analysis: This bullet point clearly states the accomplishment (increased sales), the result (15% increase), and what the applicant did to achieve the result (developed and implemented a new marketing campaign).

6. Club similar certifications and courses together under the Courses and Certifications section

Marketing: Digital Marketing by Google & Facebook ads manager

Finance: CFA and FRM

Courses: Leadership by IIM A (Online), Supply Chain by IIM B (Hybrid)

7. Brilliant Basics that you should know

Fonts:

- Times New Roman
- Calibri
- Arial

Fonts Size:

- Name: 14-16 points
- Contact information: 14-16 points
- Education: 12 points
- Work experience: 12 points
- Skills: 12 points
- Certifications and Courses: 12 points
- References: 12 points

Episode 5 - Importance of LinkedIn and Resume Creation

Saturday, 4 Nov • 10:05 – 11:05 pm

CAREER GUIDANCE CELL

Report

The Career Guidance Cell organized a special programme on the title “Career Options in Uniformed Services” on 31.10.2022 at Room No. 8 at 3.00 p.m. Prof. T. K. Sivakumar, Associate Professor of English welcomed the gathering. Prof. N. H. Saravanan, Principal delivered the inaugural address. Lt. Dr. K. R. Srinivasan, Co-ordinator IQAC felicitated the occasion. Mr. M. Muthukumar, Head Constable, Thiruparankundram Police Station, was the chief Guest. He gave ideas on how to prepare for competitive Examinations for uniformed services and also threw an insight on the career opportunities in the uniformed services. The programme came to an end with the vote of thanks by Dr. K. Gnanaguru, Member, Career Guidance Cell.

Organizes

“INDUSTRIAL VISIT”

Date: 10/04/2023 (10.00 AM)

Venue: HCL Madurai

Introduction:

An industrial visit was organized by our department to ELCOT IT Park, Madurai, with the aim of providing students with practical exposure to the workings of the industry and facilitating interaction with industry personnel. The visit aimed to familiarize students with industrial procedures, expose them to the working environment, and help them explore career paths within the industry.

Objectives:

1. Interaction with Industry Personnel: The visit aimed to provide students with an opportunity to interact with professionals from the industry, gaining insights into the practical aspects of working in a corporate environment and understanding the skills and procedures required for employment.
2. Experiencing the Working Environment: By visiting ELCOT IT Park, students had the chance to experience firsthand the working environment of an IT industry, including observation of various departments and understanding their functions.
3. Career Path Exploration: The visit was intended to assist students in exploring potential career paths within different departments of the industry, thereby helping them make informed decisions about their future career trajectories.

Participants:

A total of 37 students participated in the industrial visit, comprising 10 students from the II MCA (Master of Computer Applications) class and 27 students from the I MCA class. The students were accompanied by two faculty members, Dr. K. Anuratha and Prof. T.L.

Meenalochani. The group traveled to ELCOT IT Park in the college bus and arrived at the destination at 9:55 a.m.

Activities:

Upon reaching ELCOT IT Park, an interaction session was arranged between the students and the HR team of the company. During this session, students had the opportunity to ask questions, learn about the recruitment process, and gain insights into the company's culture and work policies.

Observations:

1. Insights into Industrial Procedures: The interaction with the HR team provided students with valuable insights into the recruitment procedures, job requirements, and expectations of the industry, thereby bridging the gap between academic knowledge and practical skills.
2. Exposure to Working Departments: Students had the chance to observe various departments within the company premises, including but not limited to, development, testing, quality assurance, and project management. This exposure helped them understand the roles and responsibilities associated with each department.
3. Career Guidance: The visit served as a platform for students to explore potential career paths within the industry and gain clarity on the skills and qualifications required to pursue those paths.

Conclusion:

The industrial visit to ELCOT IT Park was highly beneficial for the participating students, providing them with valuable insights and practical exposure to the corporate world. The interaction with industry personnel and observation of working departments helped students bridge the gap between theoretical knowledge and practical application, thereby better preparing them for future career endeavors.

Acknowledgment:

We extend our sincere thanks to ELCOT IT Park for accommodating our visit and facilitating the interaction session. Special appreciation also goes to Dr. K. Anuratha and Prof. T.L. Meenalochani for their coordination and guidance throughout the visit.

Organizes

Free Coaching classes for TANCET MCA – 2022

Date: 31-03-2022 – 12-05-2022

Venue: Main Lab 1st Floor

Time: 2.20 PM – 3.20 PM

Introduction:

The Department of Master of Computer Applications (Self-Financed) is pleased to present a report on the coaching class organized for TANCET MCA 2022. This initiative aimed to provide comprehensive support and guidance to students aspiring to excel in the TANCET-MCA examination.

Class Details:

- Duration: 31st March 2022 to 12th May 2022
- Location: Main Lab, 1st Floor
- Time: 2:20 PM – 3:20 PM

Participants:

A total of 50 enthusiastic students registered for the coaching class, representing various academic backgrounds:

- BCA (Self-Financed Wing)
- B.Sc in Computer Science (Self-Financed Wing)
- B.Sc in Information Technology (Self-Financed Wing)
- B.Sc Microbiology (Self-Financed Wing)
- B.Sc in Computer Science (Women's College)
- B.Sc in Physics (Aided College)

Class Activities:

During the coaching program, we fostered an interactive learning environment by creating a dedicated WhatsApp group. In this group, we shared important educational videos and practice questions related to the TANCET syllabus. This ensured that students had access to valuable resources to supplement their learning.

Class Schedule:

Originally, we planned to conduct 20 classes during the scheduled duration. However, due to unforeseen inconveniences, we managed to organize 18 classes successfully. These classes covered essential topics to prepare students for the TANCET MCA examination.

Mock Test:

At the conclusion of the coaching classes, we conducted a comprehensive mock test. This test allowed students to assess their knowledge and readiness for the actual examination.

Documentation:

Attendance records and lesson plans were diligently maintained throughout the coaching classes to ensure transparency and accountability.

Conclusion:

The coaching class for TANCET MCA 2022 was organized with the aim of providing valuable guidance and support to students. Despite facing challenges that led to a reduced number of classes, we believe that the knowledge and skills imparted during this program will greatly benefit the participants in their upcoming examination. We thank all the participants for their active engagement and wish them success in their TANCET MCA 2022 journey.

Free Coaching classes for TANCET MCA – 2023

Date: 22-02-2023 – 23-03-2023

Venue: Main Lab 1st Floor

Time: 01.00 PM – 02.00 PM

Introduction:

On behalf of the Department of Master of Computer Applications (Self-Financed), we are pleased to present a report on the coaching class organized for TANCET MCA 2023. This initiative was aimed at providing essential support and guidance to students preparing for the TANCET-MCA examination.

Class Details:

- Duration: 22nd February 2023 to 23rd March 2023
- Location: Main Lab 1st Floor
- Time: 01.00 PM - 02.00 PM

Participants:

We had a total of 44 dedicated students who registered for the coaching class. These students came from various academic backgrounds, including:

- B.Sc in Computer Science (Self-Finance Wing)
- B.Sc in Information Technology (Self-Finance Wing)
- B.Sc in Computer Science (Women's College)
- B.Com in Computer Applications (Women's College)
- B.Sc in Computer Science (Aided College)

Class Activities:

As part of the coaching program, we cultivated an engaging and collaborative learning atmosphere by establishing a dedicated WhatsApp group. Within this group, we consistently distributed essential educational videos and practice questions aligned with the TANCET syllabus. This initiative aimed to provide students with readily available, valuable resources to enhance their understanding and reinforce their learning.

Class Schedule:

Originally, we planned to conduct 20 classes during the scheduled duration. However, due to unforeseen inconveniences, we managed to organize 16 classes successfully. These classes covered essential topics to prepare students thoroughly for the upcoming TANCET MCA 2023 examination.

Mock Test:

At the conclusion of the coaching classes, we conducted a comprehensive mock test. This mock test served as an evaluation tool to assess students' knowledge and readiness for the actual TANCET MCA 2023 examination.

“ALUMNI INTERACTION”

Date: 11/04/2023 (11.00 AM)

Venue: MCA Lab

Introduction:

Purpose of the Alumni Interaction: To bridge the gap between academic institutions and industry by facilitating meaningful engagement between current students and alumni.

Overview of the Event: A structured session where alumni were invited to share their experiences and insights with current students to enhance their understanding of industry expectations and career prospects.

Event Organization:

Planning: The event was meticulously planned by the department to ensure maximum participation and effectiveness.

Invitation: Alumni were invited well in advance through phone calls.

Alumni Interaction Session:

During the alumni interaction session, a dynamic blend of formal presentations and interactive discussions provided students with invaluable insights into the professional world. Dr. V. Muthuganeshan, esteemed Assistant Professor in the Department of Networking at Subbalakshmi Lakshmi pathy College of Science, commenced the session with an illuminating overview of Python, shedding light on its applications and relevance in today's tech-driven landscape. Following this, Mr. M. Selvakumar, a seasoned PHP Developer/Trainer at Thanvi Technologies, shared his rich reservoir of experiences in PHP development, offering students a glimpse into the intricacies of real-world project implementation.

General Topics Covered:

The session delved into various critical aspects crucial for students' career advancement:

Industry Insights: Seasoned alumni generously shared their firsthand experiences, offering invaluable insights into the ever-evolving trends and expectations within the industry. Students

gained a profound understanding of the current landscape, empowering them to navigate the professional realm with confidence and foresight.

Interview Guidance: Alumni, drawing from their diverse career trajectories, provided pragmatic advice and strategic tips to help students ace interviews. From crafting compelling resumes to mastering interview techniques and embodying professional etiquette, students received a comprehensive toolkit to thrive in competitive job markets.

Skill Development: Recognizing the importance of continuous growth, alumni served as mentors, guiding students on avenues to enhance their skill sets and competencies. By aligning with industry requisites, students were equipped to embark on a journey of self-improvement, ensuring they remain agile and adaptable in an ever-changing professional landscape.

Student Engagement:

Active Participation: Students actively engaged with alumni, asking questions and seeking clarification on various aspects of career development.

Doubt Clarification: The interaction provided students with the opportunity to clarify doubts and gain a better understanding of career-related concerns.

Networking: Students seized the opportunity to network with alumni, establishing valuable connections for future career prospects.

Outcomes and Impact:

Enhanced Understanding: The interaction helped students gain a deeper understanding of industry expectations and career pathways.

Skill Enhancement: Students benefited from the guidance provided by alumni, enabling them to identify areas for skill development and growth.

Networking Opportunities: The event facilitated networking opportunities for students, paving the way for potential internships, mentorships, and job placements.

Conclusion:

The alumni interaction event served as an effective platform for bridging the gap between academic learning and industry requirements.

By fostering meaningful engagement between alumni and students, the event contributed to the overall career development and professional growth of the students.

Future Considerations: Building on the success of this event, the department aims to organize similar initiatives regularly to continue facilitating valuable interactions between alumni and students.

Workshop on “ANGULAR”

Date: 10/08/2022 (10.30 AM)

Venue: MCA Smart Lab

Introduction

The Department of Master of Computer Applications (SF) organized a workshop on "ANGULAR" on August 10, 2022. The primary objective of this workshop was to provide both faculty members (3 Nos) and 2nd-year MCA students (11 Nos) with practical, hands-on experience in installing and working with Angular, a popular JavaScript framework for building web applications.

Workshop Agenda

1. Date and Time: The workshop took place on August 10, 2022, starting at 10:30 AM.
2. Venue: The workshop was held in the MCA Smart Lab, providing a conducive environment for learning and hands-on practice.
3. Resource Person: Mr. S. Manikandan, a distinguished Technical Developer from SRV Training Academy, Madurai, served as the resource person for the event.

Workshop Highlights

The workshop was conducted in an interactive and engaging manner. Participants gained valuable insights into Angular through a series of structured sessions and hands-on exercises:

Session 1: Introduction to Angular

Mr. S. Manikandan started the workshop with an introduction to Angular, explaining its significance in modern web development. He covered key concepts, including:

- What is Angular?
- Advantages of Angular
- Angular's role in building dynamic web applications

Session 2: Angular Setup and Installation

In this practical session, participants were guided through the process of setting up and installing Angular on their own machines. Mr. Manikandan provided step-by-step instructions and addressed any questions or issues raised by the attendees.

Session 3: Building a Simple Angular Application

Participants had the opportunity to apply their newly acquired knowledge by building a basic Angular application during this session. Mr. Manikandan demonstrated how to create components, templates, and services, fostering a deep understanding of Angular's core concepts.

Session 4: Hands-On Exercises

To reinforce their learning, attendees were given hands-on exercises and coding challenges. These exercises allowed participants to practice their Angular skills and gain confidence in using the framework.

Q&A and Discussion

Throughout the workshop, Mr. Manikandan encouraged questions and discussions. Participants actively engaged in conversations about best practices, common challenges, and real-world applications of Angular.

Conclusion

The workshop on "ANGULAR" organized by the Department of Master of Computer Applications (SF) was a resounding success. Participants, including faculty members and 2nd-year MCA students, gained practical experience and a solid understanding of Angular. Mr. S. Manikandan's expertise and engaging teaching style greatly contributed to the success of the event.

Acknowledgments

We extend our heartfelt gratitude to Mr. S. Manikandan for generously sharing his knowledge and expertise during the workshop. We also appreciate the active participation and enthusiasm of all the attendees, which made this event a memorable learning experience.

Future Endeavors

The Department of Master of Computer Applications (SF) is committed to organizing more such workshops and events to enhance the practical skills and knowledge of our students and faculty members. We look forward to future opportunities for collaborative learning and growth.
